

Little Church of the West at Hotel Last Frontier  
Las Vegas, Nevada

The Hotel Last Frontier, like Las Vegas, is a fascinating combination of modern urbanity and old-fashioned western freedom. The huge number of marriages that have taken place in its quaint church is out of proportion to its small size.

Hello Folks - We left Las Vegas  
this morning and as the highway goes over Boulder Mountain  
we drove across into Ariz.  
and almost crossed the state  
of Ariz. To-night we are just  
outside of the Painted Desert  
and the Petrified Forest which  
we hope to see to-morrow,  
so we head for New Mexico.  
Plenty of Apache and Hopie  
Indians here as the town  
we are staying in to-night  
is full of them.
